**Update on CCMs that Have Requested the CMS-WG Consider a Revised
Compliance Assessment at WCPFC11**

Dear All,

In accordance with CMM 2013-02 the 30 day deadline prior to WCPFC11 has passed. To advise that the WCPFC Secretariat has updated the online system to include CCM additional information submitted as replies to the provisional Compliance Monitoring Report (provisional CMR) recommended to WCPFC11 by TCC.

Sixteen (16) CCMs submitted additional information as a reply to the provisional CMR as recommended by TCC10. Fifteen (15) CCMs have indicated in their additional information for the CMS-WG to consider a revised compliance score at WCPFC11 for seventy-nine (79) potential compliance issues.

All CCMs may review other CCMs additional information submitted as replies to the provisional CMR through the WCPFC intranet site (<https://intra.wcpfc.int>), which is accessed using the usual country-specific CCM login (online Annual Report Part 2 and CMR replies). Attached is a guide.

If CCMs have any problems or questions please contact the Compliance Manager, lara.manarangi-trott@wcpfc.int and Assistant Compliance Manager ana.taholo@wcpfc.int.

Thanks,

SungKwon Soh, PhD
Interim Executive Director

Section 2 Viewing CCM additional information which were submitted as replies to provisional CMR (2013)

Each CCMs can now view all CCMs and collective obligations provisional Compliance Monitoring Reports, which have been updated to include CCM additional information and requests for revised compliance status. Use the following procedure to view the report:

- From the **WCPFC Intranet Home Page**, click on **Compliance Monitoring Report (2013)** link, it will take you to the page which displays the report. The first view that you will see is the 'Group by Section' view which displays the report grouped into seven sections that comprise the CMR:

- You can also change the view by clicking on 'Print View' button or 'Requested Status Change' button:

- In 'Print View' all CMR sections are already expanded and you can view and scroll through records that represent individual CMM's (obligations)
- In 'Requested Status Change' only a subset of the full CMR report is provided. This view shows only those CCMs and potential CMR issues where a CCM has explicitly noted that they would like the CMS-WG to consider a revised compliance score at WCPFC11 (from that assessed by TCC10).
