**Application for Co-operating Non Member (CNM) status within the WCPFC**

Dear Mr. Aguilar,

I am pleased to inform you that the Commission, at its 14th Regular Session in December 2017 in Manila, Philippines, agreed to approve the application for renewal of CNM status in 2018 for Mexico.

2. The Commission granted CNM status to non-members under the following terms:
- a. In accordance with the WCPF Convention and its conservation and management measures and resolutions, the following participatory rights apply to Cooperating Non- Members (CNMs) for fisheries in the high seas within the WCPFC Convention Area;
  - b. In addition, unless otherwise specified below, CNMs may fish in waters under their national jurisdiction or other CCMs' national jurisdiction, in accordance with appropriate bilateral arrangements;
  - c. CNMs shall ensure vessels flying their flags comply with all provisions of the WCPFC Convention and the WCPFC conservation and management measures. In addition, CNM vessels will be placed on the WCPFC Record of Fishing Vessels (WCPFC RFV);
  - d. CCMs shall ensure that CNM fishing activities that are conducted in waters under their national jurisdiction in accordance with bilateral arrangements are consistent with all relevant conservation and management measures and provisions of the WCPF Convention; and
  - e. Renewal of CNM status by the Commission will take into account compliance with the national laws and regulations of any licensing CCM, and all conservation and management

measures and provisions of the WCPFC Convention. CCMs shall identify any violations by vessels flagged to a CNM and report on any investigations of such violations to the Secretariat for attention by TCC

### *WCPFC/IATTC Overlap Area*

3. In respect of the WCPFC / IATTC overlap Area, the Commission agreed that:

- a. In accordance with the decision of WCPFC9 regarding the management of the overlap area of 4°S and between 130°W and 150°W, vessels flagged to Ecuador, El Salvador and Mexico will be governed by the IATTC when fishing in the overlap area.
- b. In accordance with the Data Exchange MOU agreed by both Commissions, fishing vessels flying the flag of a member of either the IATTC or WCPFC shall cooperate with the RFMO to which they are not a member by voluntarily providing operational catch and effort data for its fishing activities for highly migratory species in the overlap area.
- c. For the purpose of investigation of possible IUU fishing activities and consistent with international and domestic laws, vessels flying the flag of a CNM that is a Contracting Party to the IATTC will cooperate with those coastal State members of the WCPFC whose EEZs occur in the overlap area by voluntarily providing VMS reports (date, time and position) to those coastal States when operating in the overlap area.

### *Participatory rights of each CNM in 2018: Mexico*

4. It was noted that Mexico had participated in the work of the Northern Committee (NC) at NC 8, 9, 10, 11, 12 and 13 and, noting the need for cooperation with the work of the NC particularly in regard to Pacific bluefin tuna, encouraged Mexico to continue to participate in the NC. Mexico does not intend to have a vessel presence in 2018. As agreed by WCPFC14, any future introduction of purse seine fishing capacity is to be in accordance with paragraph 12 of CMM 2009-11 and CMM 2016-01 or its replacement measure. Their letter notes their commitment to comply with the legal provisions and obligations as a CNM.

### *Compliance Monitoring Scheme outcome in 2017: Mexico*

5. A copy of the full Compliance Monitoring Report as adopted by the Commission pursuant to CMM 2015-07 *Compliance Monitoring Scheme* is attached to the WCPFC14 Summary Report (Attachment U). It may be accessed from the Compliance Monitoring page, under the MCS Scheme link, on the public side of the WCPFC website:

### *Financial contribution*

6. The WCPFC thanks Mexico for its financial contribution for 2017. Under CMM 2009-11 paragraphs 2 (g), there is a commitment for CNM's to make a financial commitment to the WCPFC. The Commission has assessed the financial commitment expected from all

CNMs at 50% of the contribution that a CNM would have to make if it was a member. In the case of Mexico for 2018 this is assessed to be 50% of US\$58,372 or US\$29,186.

7. The contribution should be forwarded to the Commission account whose details follow:
