ANNUAL REPORT ON THE ADMINISTRATION OF THE WCPFC DATA ACCESS RULES AND PROCEDURES

WCPFC-TCC12-2016-RP07

02 September 2016

Paper prepared by the Secretariat

Purpose

1. The purpose of this paper is two-fold:
 - i. to summarize WCPFC non-scientific data holdings as requested by TCC11; and
 - ii. to provide a report for the year 2015 and 2016, on the administration of the two sets of rules currently in place, namely the:
 - Rules and Procedures for the Protection, Access to, and Dissemination of Data Compiled by the Commission (2007 data RaP); and
 - Rules and Procedures for the Protection, Access to, and Dissemination of High Seas Non-Public Domain Data and Information Compiled by the Commission for the Purpose of Monitoring, Control or Surveillance (MCS) Activities and the Access to and Dissemination of High Seas VMS Data for Scientific Purposes. (2009 MCS data RaP)

List of WCPFC non-scientific data holdings

2. TCC11 requested that the Secretariat summarize the non-scientific data holdings of WCPFC for TCC12 (TCC11 Summary Report paragraph 376). **Annex 1** provides a list of WCPFC data holdings so requested.

Access to WCPFC non-public domain data

3. As reported to previous TCCs, the Secretariat maintains its system of controls over approvals for access to WCPFC data and information. WCPFC non-public domain data can be disseminated only in accordance with the 2007 data RaP and 2009 MCS data RaP, and following the approval of the Executive Director. Copies of the approved “WCPFC data consideration request forms”, original request and implementation instructions are kept on the WCPFC Information Management System. These protocols, in the past and currently, seem to have worked well with no known breaches occurring.

WCPFC data access 2015/2016

4. A register is required to be maintained by the Secretariat in accordance with paragraph 18 of the 2007 data RaP to record access to all WCPFC non-public domain data. The Secretariat provided a list of this register to TCC 9 in Annex 1 of WCPFC-TCC9-2013-RP06, to TCC 10 in Annex 1 of WCPFC-

TCC10-2014-RP07, to TCC11 in Annex 2 of WCPFC-TCC11-2015-RP07 and is updated for TCC12 at **Annex 2** of this paper, for the years 2015/2016.

5. **Annex 3** lists all the WCPFC client CCM logins which have been established within the WCPFC VMS system, for accessing WCPFC VMS data through SmartTrac software up until 30 June 2016 and for the new Trackwell system from 1 July 2016 onward.

6. In 2015/2016, the Secretariat received and processed eighty four (84) requests from Members and others for specific WCPFC data, some of which related to multiple types of WCPFC non-public domain data. **Annex 4** provides a list of WCPFC data requests which were approved or actioned in 2015/16. It should be noted that despite some requests being standing requests for relevant WCPFC data, automated extraction and provision tools are yet to be developed for WCPFC data other than WCPFC VMS and ROP data.

Update to the Register of Authorized MCS Entities and Personnel

7. 2009 MCS Data Rules and Procedures (2009 RaP) paragraph 12 require the Secretariat to maintain a register of Authorized MCS Entities and Personnel. Annex 5 provides a summary of the notification of authorized MCS entities and personnel received by the Secretariat.

8. In addition, as advised in August 2015 (Circular No.: 2015/54), the Secretariat has made available on the secure page of the website at <https://www.wcpfc.int/official-circulars> the various groups of Official Contacts details. One of these groups of official contact details is the Authorized MCS Entities and Personnel. The Secretariat has pre-populated this with the latest details it has. CCMs are again asked to check and ensure that these are accurate and up-to-date.

CCMs reporting on implementation of MCS data RaP, paragraph 44, covering 2015 activities

9. As with previous years, a question was included in the Annual Report Part 2 covering 2015 activities regarding CCMs implementation of paragraph 44 of MCS Data RaP. CCMs had the choice of answering “Yes” meaning the obligation has been implemented; “No” meaning the obligation has not been implemented; or “N/A” meaning CCM determined that the obligation is not applicable. CCMs also had the opportunity to provide further information on each obligation and/or attach any supporting documentations.

10. Twelve CCMs answered “N/A” with regards to MCS RaP paragraph 44; 23 CCMs answered “Yes” and provided some further information; 1 CCM answered “NO” and explained that it is a CNM and 1 CCM have not submitted an Annual Report Part 2. Of the 23 CCMs that answered “Yes”, some provided further information to say that, in summary: data requested is not disseminated and is destroyed in accordance with the rules; CCMs complied with the data retention and destruction requirements; confidentiality of the data received is ensured under regulation; and that processes and procedures are in place to maintain the confidentiality and security of the data.

Recommendation

10. TCC12 is invited to consider and note the report on the administration of the WCPFC data access rules and procedures.

Draft and Provisional Compliance Monitoring Reports, CCMs Annual Report Part 2 and High Seas Pocket Monitoring. In 2014, the Individual CCM portal pages were created (each CCM can access only their own pages and not that of others), and CCMs are provided with supporting information for draft CMRs, as well as an ability to maintain their official contacts list. In 2015 & 2016, the CCM portal pages were again used to disseminate supporting information for Compliance Monitoring Reports.

The following have access:

- WCPFC staff;
- Office bearers of the WCPFC and Subsidiary Bodies;
- SPC-OFP staff working on behalf of the Commission;
- Each Member or Territory according to their request.

Login and password management of the WCPFC VMS system is maintained outside the Secretariat, as part of the SLA for the WCPFC VMS – with instructions provided by the WCPFC VMS Manager. Logins for CCMs to view flagged vessels in the high seas of the WCPFC area, were enabled in accordance with CMM 2007-02 (now CMM 2014-02) *Commission VMS*, and the WCPFC Standards, Specifications and Procedures for the WCPFC VMS. Access by coastal CCMs to VMS data related to the 100nm high seas buffer around their EEZ, was enabled in accordance with an approved request under the 2009 data RaP. Access by coastal CCMs to the in-zone VMS data was enabled in accordance with a notification in accordance with WCPFC9 decision, or prior agreements approved by the Commission.

WCPFC VMS Trackwell system – from 1 July 2016 onwards

The VMS SmartTRAC system ended on 30 June 2016 and moved to a new VMS service, using Trackwell system from 1 July 2016. By the cut-over date of 1 July 2016, all CCMs had received their login accounts, together with the latest version of the VMS User Manual. All the individual logins are by CCM, as submitted by their official VMS contact. All authorized logins have the permissions to access the relevant areas in their EEZ, if CCM have ‘flicked the switch’, and any other areas as previously agreed. All this is managed by the WCPFC VMS Manager.
