Notes on ANNUAL CATCH ESTIMATES

3	Total annual catches by species were provided but species catches were not broken down by gear type.
12	Estimates of yellowfin catch also include bigeye catch (bigeye catch not provided)
13	Significant catches have been reported for "unclassified" gear types
14	Broad estimates provided in the absence of any reliable information

Notes on AGGREGATE CATCH/EFFORT DATA

3	Data have not been "raised" to represent total catch and effort
23	Aggregate data were not provided by the flag state, or the aggregate data provided by the flag state were not appropriate for use in stock assessments. However, aggregate data have been generated from operational data made available to the SPC by Pacific Island countries/territories members
24	Aggregate data were not provided, but have been generated from operational data made available to the WCPFC

Notes on SIZE DATA

11	Includes collection of size data by Coastal States (Pacific-Island countries/territories) where this fleet operates and/or unloads catch
