

TECHNICAL AND COMPLIANCE COMMITTEE
Seventeenth Regular Session
Electronic Meeting 22 – 28 September 2021

**ANNUAL REPORT ON THE ADMINISTRATION OF THE WCPFC DATA ACCESS RULES
AND PROCEDURES**

WCPFC-TCC17-2021-RP08_rev1¹
20 September 2021

Paper by the Secretariat

Purpose

1. The purpose of this paper is to provide:
 - i. an updated summary of WCPFC non-scientific data holdings; and
 - ii. a report on the administration of the two sets of rules currently in place governing the non-scientific data holdings for 2020 and the period 1 January 2021 – 31 July 2021 namely the:
 - Rules and Procedures for the Protection, Access to, and Dissemination of Data Compiled by the Commission (2007 data RaP); and
 - Rules and Procedures for the Protection, Access to, and Dissemination of High Seas Non-Public Domain Data and Information Compiled by the Commission for the Purpose of Monitoring, Control or Surveillance (MCS) Activities and the Access to and Dissemination of High Seas VMS Data for Scientific Purposes. (2009 MCS data RaP).

List of WCPFC non-scientific data holdings

2. TCC11 requested that the Secretariat summarize the non-scientific data holdings of WCPFC for TCC12.² **Annex 1** provides an updated list of WCPFC data holdings.

Access to WCPFC non-public domain data

3. As reported to previous TCC meetings, the Secretariat maintains its system of controls over approvals for access to WCPFC data and information. WCPFC non-public domain data can be disseminated only in accordance with the 2007 data RaP and 2009 MCS data RaP, and with the approval of the Executive Director. Copies of the approved “WCPFC data consideration request forms”, and original request and implementation instructions are kept on the WCPFC Information Management System. These protocols continue to work well.

4. In August 2021, the Secretariat was notified of a technical issue with a CMM 2013-07 paper posted on the website for CCMs which also included other Annual Report Part 2 responses. The initially posted document could potentially have been viewed by a non-member. The issue was resolved as soon as notified to ensure the additional information was limited and only accessible to members and necessary steps taken to prevent this from reoccurring.

¹ Rev 1 replaces the original posted on 1 September 2021

² TCC11 Summary Report paragraph 376

WCPFC data access 2020/2021

5. A register must be maintained by the Secretariat in accordance with paragraph 18 of the 2007 data RaP to record access to all WCPFC non-public domain data. The updated list for 2020/2021 is provided in **Annex 2**.³

6. **Annex 3** provides a list of all the CCM logins to the WCPFC VMS system during the period covered by this report.

Data requests processed

7. The following diagram summarises data requests for non-public domain data that were processed and information disseminated in accord with the two data RaP and decisions of the Executive Director.

8. Data requests across all categories was 58 in 2018, 107 in 2019, 83 in 2020 and 125 in 2021. A significant proportion of these requests related to data access for MCS purposes. Also, a number of these requests related to multiple types of WCPFC non-public domain data, principally VMS and transshipment. Of the 208 requests across 2020/21, more than 50% related to VMS data requests and around 40% to transshipment reporting. The preparation of specific reports on transshipments, as they relate to the parameters of individual requests, is a time-consuming task for the duration of the request.

9. The level of data requests is the highest seen and is likely to reflect the effect of COVID-19. There has been a progressive reduction in the number of observers on vessels since early 2020 through to negligible levels in 2021. There has also been a significant reduction in the level of HSBI particularly during 2020. This seems to have been the impetus for the use of alternative approaches to support monitoring of vessels activities which have increased reliance on access to WCPC data set to support operational activity.

10. **Annex 4** provides a list of WCPFC data requests which were approved or actioned in 2020/2021. It should be noted that despite some requests being standing requests for relevant WCPFC data, due to competing priorities in support of other pressing intersessional TCC-related tasks, the Secretariat has not

³ For past versions since 2013, please refer to Annex 1 of WCPFC-TCC9-2013-RP06, Annex 1 of WCPFC-TCC10-2014-RP07, to TCC11 in Annex 2 of WCPFC-TCC11-2015-RP07, to TCC12 in Annex 2 of WCPFC-TCC12-2016-RP07, to TCC13 in Annex 2 of WCPFC-TCC13-2017-RP07, to TCC14 in Annex 2 of WCPFC-TCC14-2018-RP08 and to TCC15 in Annex 2 of WCPFC-TCC15-2019-RP08 (copies of these papers are provided at: <https://www.wcpfc.int/reports-administration-wcpfc-data-access-rules-and-procedures>)

been able to schedule the necessary work to develop automated extraction and provision IT tools to support the parameters of common data requests for WCPFC data other than WCPFC VMS and ROP data.

11. Since March 2019, a list of non-public domain data requests received and actioned and a corresponding bar chart has been published at <https://www.wcpfc.int/administration-wcpfc-data-access-rules-and-procedures> and is exportable in CSV format. It should be noted that this list is based on the date that the request was received by the Secretariat and does not consider the period of data covered by the request. Consequently, actioned standing requests for WCPFC VMS data that are listed in **Annex 3** will not necessarily be represented in the display of non-public domain data requests e.g. 100nm high seas buffer around EEZs.

Update to the Register of Authorized MCS Entities and Personnel

12. Paragraph 12 of the 2009 RaP requires the Secretariat to maintain a register of Authorized MCS Entities and Personnel. This list is available to authorized CCM users on the secure page of the website at <https://www.wcpfc.int/official-circulars-and-contacts>. Since August 2015, the Secretariat has provided a list of official contacts that includes specific official contact details for Authorized MCS Entities and Personnel for each CCMs. As for all official contact details, members maintain the contact information to ensure it remains current.

CCMs reporting on implementation of MCS data RaP, paragraph 44, covering 2020 activities

13. As with previous years, the Annual Report Part 2 for 2021 covered 2020 activities regarding CCMs implementation of paragraph 44 of MCS Data RaP. CCMs had the choice of answering “Yes” meaning the obligation has been implemented; “No” meaning the obligation has not been implemented; or “N/A” meaning CCM determined that the obligation is not applicable. CCMs also had the opportunity to provide further information on each obligation and/or attach any supporting documentations.

14. Responses to MCS RaP paragraph 44 show thirteen CCMs answered “N/A”, 2 CCMs answered ‘No’ and twenty-one CCMs answered “Yes” and provided further information about how they manage data including access to data, destruction of the data, the processes and procedures in place to maintain the confidentiality and security of the data or that they comply with the data retention and destruction requirements.

Secretariat’s Comment

15. CCMs are asked to ensure all contacts in the Official Contacts list including the register of Authorized MCS Entities and Personnel are up to date. This list is available to authorized CCM users on the secure page of the website (<https://www.wcpfc.int/official-circulars-and-contacts>). This list is used by Secretariat staff as the basis for considering information data requests amongst other purposes.

Improvements to Secretariat systems for data access

16. Some improvements to Secretariat systems have been achieved through work in 2020 and 2021. These aim to improve the accessibility and use of some data sets or subsets of data.

- i. Members receive alerts when cases in the CCFS which they are involved in have been updated by a relevant member, the observer programme or the Secretariat. Members were asked to provide a specific contact email for this alert.
- ii. Online access is available through the WCPFC intranet for authorised users to view a new list of their CCFS cases that are two years or older. This list is not presently updated in real-time but is updated periodically.

16. Consideration is being given to how to produce reports more simply for data requests relating to transhipments. This is currently a largely manual process and, if the increased level of requests continues, will necessitate the development of a more specific reporting tool for the Secretariat. It appears the impetus for the increased reliance on data support from the Secretariat could be primarily driven by the impact of COVID-19 on the use of observers and high seas boarding and inspections.

17. Since 2020, a High Seas transhipment (TSER) report has been routinely published through each CCMs portal page. This gives flag CCMs access to their high seas transhipment notifications and high seas transhipment declarations as received by WCPFC, including those reports that have been submitted using the TSER APP. The report assists flag CCMs to routinely review and identify any issues with reporting of high seas transhipment reports, for example missing or late transhipment reports, reducing reliance on the Secretariat to identify issues.

18. A new 'WCPFC Helpdesk' available since late 2020 provides brief reference information for members on how to access and complete reports and to access and make updates to some WCPFC datasets. ([Helpdesk : WCPFC \(freshdesk.com\)](http://freshdesk.com)) These are very short guides with new topics progressively being added as resources permit.

Recommendation

12. TCC17 is invited to consider and note the report on the administration of the WCPFC data access rules and procedures.

Annex 1: Summary of WCPFC non-scientific data holdings

Data Holdings	Relevant CMMs that required this data/data holding
WCPFC Record of Fishing Vessels (RFV) data and associated fished and did not fish reports	CMM 2018-06 (or its earlier versions)
List of Chartered Vessels	CMM 2019-08 (or its earlier versions)
WCPFC IUU vessel list and associated correspondence	CMM 2019-07 (or its earlier versions)
Cooperating Non-Members requests and associated correspondence	CMM 2019-01(or its earlier versions)
Non-public domain data requests and associated correspondence	2007 Data RaP and 2009 MCS Data RaP
VMS related:	
• WCPFC VMS	CMM 2014-02
• Vessel MTU Register	VMS SSPs
• VMS Manual Reporting	VMS SSPs
• MTU Audit Inspections list	VMS SSPs
• List of approved ALCs	VMS SSPs
• “flick the switch” notifications	CMM 2014-02 6c
HSBI related:	
• Register of Inspection Vessels	CMM 2006-08
• HSBI event reporting	CMM 2006-08
• Authorities of fishing vessels	CMM 2006-08
• Authorities of inspection vessels	CMM 2006-08
Online compliance case file system:	
• Article 25(2) compliance cases (2013 onwards)	Convention Article 25 and Article 23(5)
• Alleged infringements based on ROP observer reporting data	
○ FAD Set alleged infringements (2015 to current)	CMM 2020-01 (2018-01 or its earlier versions)
○ Observer Obstruction alleged infringements (2015 to current)	CMM 2018-05 15 (g) (or its earlier version) and WCPFC12 para 569 Att U
○ Shark-catch alleged infringements (2015 to current)	CMM 2019-04 (or its earlier version)
○ ROP Pre-notification issues (2016 to current)	WCPFC12 para 569 Att U
○ Cetacean and Whale Shark interactions (2016 to current)	CMM 2011-03 and CMM 2019-04 (or its earlier version)
Compliance Monitoring Report online system	
• Annual Report Part 2 (2012 onwards)	Various CMMs
• Compliance Monitoring Report (2012 onwards)	Various CMMs that are reviewed in the CMR
• Annual reporting against CCM limits in CMMs (2000 onwards)	Various CMMs that are reviewed in the CMR

ROP related:	
• ROP coverage reporting and associated updates	CMM 2007-01 08 / CMM 2018-05 08
• ROP observer programmes and contact points	CMM 2007-01 / CMM 2018-05
• List of WCPFC/IATTC cross endorsed observers	CMM 2007-01/ CMM 2018-05
• List of ROP observers	CMM 2007-01/ CMM 2018-05
• ROP Audit reports	CMM 2007-01 / CMM 2018-05
• ROP database	CMM 2007-01/ CMM 2018-05
Other databases:	
• High Seas purse seine catch discard reporting	CMM 2009-02 12
• High seas transshipment event reporting	CMM 2009-06 35 a (iii) and 35 a (iv)
• SMA Zone Entry/Exit – EHSP-SMA	CMM 2010-02 (2011-2016)
• SMA Zone Entry/Exit – HSP-1	CMM 2018-01 Attachment 2 (or its replacement CMM)
Contact details:	
• Authorized MCS Entities and Personnel	2009 MCS Data RaP
• Official contacts	
• Science contacts	
VMS and IMS Security Audits (2012 onwards)	
Required reporting under Port State Minimum Standards	CMM 2017-02
CMM Reporting: reports on implementation, notification of catch and/or effort limits for EEZs; reporting against catch and effort limits, reporting on technical specifications; submission of management plans, application of exemptions; notifications regarding choice of Commission rules in overlap area. Annual Catch and Effort Tables (ACE tables)	Various direct reporting to Secretariat as a result of CMM or other WCPFC decision requirements

Annex 2: Register of Access to WCPFC data by persons duly authorised by the Executive Director, within the WCPFC Secretariat and Service Providers as well as Officers of the Commission (as 31 July 2021)

Background

The following register of access is being maintained in accordance with paragraph 18 of the **2007 Rules and Procedures for the Protection, Access to, and Dissemination of Data Compiled by the Commission**, which states...

4.3 Access to Non-Public Domain data by the Staff of the Secretariat, the WCPFC Service Providers and Officers of the Commission and its Subsidiary Bodies

18. Persons duly authorised by the Executive Director, within the WCPFC secretariat and service providers, including scientific experts engaged under Article 13 of the Convention, shall have access to the data necessary to perform their WCPFC duties. Officers of the Commission and its subsidiary bodies shall have access to the data necessary to perform their WCPFC duties. All such persons shall sign a Confidentiality Agreement with the Executive Director and maintain the data security standards of the Commission in respect of data to which they have access. The Executive Director shall maintain a Register of all such persons (including the purpose for which they require access to the data) and make the Register available to a CCM on written request.

There are general categories of access to WCPFC data by WCPFC staff and service providers. In accordance with the 2007 data RaP paragraph 18, all Secretariat staff, including short term individuals working with the Secretariat, e.g. interns and temporary data entry staff, have been required to sign a confidentiality agreement as a condition of their working with the Commission. Service providers have a confidentiality agreement as part of their contract with WCPFC.

Description of authorized access 2020/2021

- i. ***Executive Director:*** access to all WCPFC non-public domain data
- ii. ***ICT Manager & IT Officer:*** full access for administration and maintenance of the systems and data
 - Access by contractor Taz-E for enhancements and support to IMS
 - Access by contractor BMC for service support as required for WCPFC duties
 - Access by contractor Eighty Options for service support to the WCPFC website and Electronic reporting as required for WCPFC duties
 - Short term access by Deloitte Touche for IMS and VMS audit pending a time when the audit is feasible
- iii. ***WCPFC Compliance/MCS staff and service providers***
 - Access to VMS data through the Commission's VMS system with Trackwell for:
 - VMS Manager
 - VMS Operations Officers
 - Compliance Manager
 - Assistant Compliance Manager
 - Compliance Officer
 - RFV Officer
 - ROP Coordinator
 - ROP Data Quality Officer
 - WCPFC VMS Service Provider: Trackwell

- Eastern High Seas Special Management Area
 - VMS Manager
 - VMS Operations Officers
 - Compliance Manager
 - Assistant Compliance Manager

- Access to WCPFC ROP data
 - ROP Coordinator
 - ROP Data Quality Officer
 - Compliance Manager
 - Assistant Compliance Manager
 - Compliance Officer
 - SPC-OFP ROP data staff
 - WCPFC ROP data staff

- WCPFC MCS Information Management System: discard report, transshipment reports, HSBI reports, CMM reporting and correspondence, WCPFC Record of Fishing Vessels, Access to Compliance Monitoring Report drafts, provisional reports and correspondence
 - Executive Director
 - VMS Manager
 - VMS Operations Officers
 - Compliance Manager
 - Assistant Compliance Manager
 - Legal Adviser
 - Compliance Officer
 - ROP Coordinator
 - ROP Data Quality Officer
 - RFV Officer
 - ROP Data Entry staff
 - WCPFC IMS developer and technical support: Taz-E
 - Science Manager
 - Assistant Science Manager

- Access to WCPFC catch and effort data through CES
 - Science Manager
 - Assistant Science Manager
 - Compliance Manager
 - Assistant Compliance Manager
 - VMS Manager
 - ROP Coordinator
 - ROP Data Quality Officer

iv. ***WCPFC consultants: 2020/2021***

Confidentiality agreements were signed, and they may have had access to relevant WCPFC non-public domain data information during the period of the consultancy:

- Kim Duckworth, Consultant;
- Eighty Options; and
- Taz-E

v. ***WCPFC Interns or Official visitors 2020/2021***

Internships were scheduled for in 2020 however, these have been cancelled at this time due to COVID-19

- vi. ***SPC-OFP science and data management staff:***
- Access to WCPFC scientific data;
 - Access to WCPFC ROP data;
 - Access to VMS data for cross-verification of ROP and logsheets;
 - Access to RFV and Charter Information;
 - Access to VMS data one year old for science purposes;
 - Access to Transshipment-related data for TS-IWG study;
 - Access to preliminary and draft Compliance Monitoring Report information; and
 - Access to maintain the data and science pages on the WCPFC website.

Summary of access to WCPFC non-public domain data and information

Secure CCM section on the WCPFC website

The Commission has a secure web page that is accessible to Members for sensitive documents, non-public information for meetings or compliance information, such as the Register of MCS entities and personnel, CNM applications and analyses, draft and Provisional IUU lists, Draft and Provisional Compliance Monitoring Reports, CCMs Annual Report Part 2 and High Seas Pocket Monitoring.

In 2014, the Individual CCM portal pages were created giving each CCM access to only their own pages and not that of others. CCMs are provided with supporting information for draft CMRs, as well as an ability to maintain their official contacts list. Since 2016, the CCM portal pages have been used to disseminate supporting information for Compliance Monitoring Reports. Since 2018, a VMS reporting list has been routinely published through each CCMs portal page showing each of their flagged vessels that are listed on the RFV. Since 2020, a High Seas transshipment (TSER) report has been routinely published through each CCMs portal page. This gives CCMs access to their high seas transshipment notifications and declarations as received by WCPFC, including those reports submitted using the TSER APP.

The following have access:

- WCPFC staff;
- Office bearers of the WCPFC and Subsidiary Bodies;
- SPC-OFP staff working on behalf of the Commission;
- Consultants for matters related to their tasking with WCPFC;
- Each Member or Territory according to their request; and
- Certain representatives of WCPFC-registered inter-governmental sub-regional agencies which are recognized as providing advice and assistance to developing State CCMs participation in WCPFC processes (presently SPC, FFA and PNA).

WCPFC Meeting Server

In 2021 a new meeting server was released for members to participate in all formal meetings of the Commission. A valid login is required for each CCM and WCPFC staff accessing meeting information and an interactive Online Discussion Forum used for document review and comment in support of meetings. Backup support is provided by the IT Manager

Eastern High Seas Pocket Special Management Area WCPFC VMS data and manual entry and exit reports is in accordance with CMM 2010-02⁴

- WCPFC MCS staff
- MCS personnel of all CCMs

Direct Data Entry for WCPFC RFV

⁴ Note: manual entry and exit reports to EHSP-SMA have not been required since 1 January 2018

Login to the WCPFC Record of Fishing Vessels system for CCMs to create and modify their vessel records on the Record of Fishing Vessels. This capability has been available to all CCMs since the RFV SSPs came into force in June 2014. FFA is also given access to the RFV as a duly authorized MCS entity on behalf of some of its members.

Compliance Monitoring Report, Annual Report Part 2 and Online Compliance Case File system

A login to the WCPFC intranet is provided to each CCM to allow them to complete their Annual Report Part 2, enter their reply to their preliminary draft Compliance Monitoring Report and to access relevant cases and submit updates on the status of investigations in the WCPFC Online Compliance Case File System. This login is also used for MTU audit data entry by CCMs.

WCPFC VMS Trackwell system

The VMS SmartTRAC system grants individual logins to users of CCMs whose access is administered by the WCPFC VMS Manager, duly authorized as submitted by their official VMS contact. All authorized logins have the permissions to access the relevant areas in their EEZ, if CCM have 'flicked the switch', and any other areas as previously agreed. Backup support is provided by the WCPFC ICT Manager and escalated to the Trackwell service provider as required.

WCPFC VMS Reporting Status Tool (VRST)

In 2020, the Secretariat completed development of an automated system that provides flag CCMs with secure access to the VMS reporting status of their flag vessels registered as submitted by their CCM on the RFV. This information is made available via a secure reporting server and is only accessible by WCPFC website users that have been assigned either the VMS Viewer or VMS Editor permissions by the Party Administrator.

WCPFC e-Transshipment system (TSER)

The electronic online system for entry of Transshipment event reports has been deployed for use by WCPFC staff since November 2018. Since September 2019, the WCPFC Compliance Manager has provided the necessary authorized logins keys to authorized CCMs representatives who have expressed an interest in testing direct e-reporting of high seas transshipment notifications and declarations. Access is to both a TEST environment for members as well as the live TSER system. Backup support is provided by the WCPFC IT Manager.

Annex 3: List of CCMs with at least one client login for the WCPFC VMS system (current and previous)⁵
